Customer ID: **503822**  
Certificate: **23-A-0686**  
Site: 001  
DANIEL S STOLTZFUS

Type: RE-LICENSE INSPECTION  
Date: 10-AUG-2022

---

### 2.40(a)(1)

#### **Attending veterinarian and adequate veterinary care (dealers and exhibitors).**

The written program of veterinary care on file states that the attending veterinarian will visit the premises at least annually. The attending veterinarian has not visited the premises in over a year nor reviewed the written program of veterinary care on file. Each dealer must employ an attending veterinarian under formal arrangements which include a written program of veterinary care and regularly scheduled visits to the premises. Failure to have regularly scheduled visits by the attending veterinary could result in animals not receiving adequate veterinary care. Correct by scheduling a visit by the attending veterinarian and updating any changes to the written program of veterinary care on file.

### 2.75(b)(1)

#### **Repeat**

#### **Records: Dealers and exhibitors.**

A current record of guinea pigs on hand was not available for review. A total of 864 adult guinea pigs, 331 weanlings, and 281 newborns were counted today. There were no inventory records for the the number of adults, weanlings, and newborns for several months. Failure to maintain these records can make it difficult to assess the health of the caviary by identifying guinea pig additions and losses or decreases in the number of animals born or animals kept for replacement breeders. The facility must maintain complete records containing the required information which fully and correctly discloses the number of guinea pigs held, owned, and disposed of including births and deaths.

## Inspection Report

---

This is a 1st re-license inspection for a Class A license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or within 60 days of today or the applicant will forfeit the license fee and must wait 6 months to reapply. A 2nd re-license inspection was scheduled with applicant at time of inspection.

Regulated activities can continue under your existing license until it expires.
