DEE KAYS SUGGIES N HEDGEHOGS N MORE

Type: ROUTINE INSPECTION  
Date: 09-MAY-2017

### 2.75(b)(2)

#### RECORDS: DEALERS AND EXHIBITORS.

The facility does not currently have a method in place to document or maintain records (other than sale paperwork) for any offspring born from their breeding stock (hedgehog and sugar gliders). In addition, the facility does not have any disposition records for one of the breeding females, "peper" listed on the Acquisition record for the adult sugar gliders. The Licensee stated that this animal had been sold because she did not get along with her cage mates. However; no sales/disposition documentation was able to be provided at the time of inspection. Acquisition and Disposition records must be maintained in order to properly ID animals on the premise and to perform proper traceback and traceforward of all animals. The Licensee must ensure that Acquisition and Disposition records are maintained for all animals purchased or otherwise acquired, owned, held, leased, or otherwise in her possession or under her control, or which is transported, sold, euthanized, or otherwise disposed of. The records shall also include any offspring born of any animal while in her possession or under her control.

Correct From This Day Forward (COB 5/9/2017)

This inspection and exit interview were conducted with the Licensee.
