

## Inspection Report

California State University San Bernardino  
5500 University Parkway  
San Bernardino, CA 92407

Customer ID: 1846

Certificate: 93-R-0566

Site: 001

CALIFORNIA STATE UNIVERSITY, SAN BERNARDINO

Type: ROUTINE INSPECTION

Date: 05-JUN-2015

### 2.38(b)

#### MISCELLANEOUS.

The written Program of Veterinary Care (PVC) was not available at time of inspection. Each research facility shall during business hours, allow APHIS officials to examine records required to be kept by the Act and the regulations in this part. A system should be in place to ensure the required paperwork is available at time of inspection.

To be corrected by June 12, 2015

### 3.131(c)

#### SANITATION.

The following housekeeping issues were noted:

- There was a moderate amount of clutter and dust present in a lab area. The counter tops had cardboard boxes, papers, and other materials being stored on it. There was dust surrounding these items. The presence of clutter may impede cleaning.
- The refrigerator in the lab area is labeled "animal food only" and a heavy accumulation of dust was noted on its top and along the inside seal of its door. There was also an accumulation of debris on the bottom shelf. Refrigerators designated for animal food or materials should be kept clean to minimize the contamination of food.

Premises should be kept clean in order to facilitate the prescribed husbandry practices set forth in this subpart. A system should be in place and maintained to ensure animal areas are cleaned as required.

Correct by June 12, 2015.

An exit briefing was conducted with the facility representative.
