Type: ROUTINE INSPECTION
Date: 28-FEB-2024

3.75(c)(2)

Housing facilities, general.

The back side of a capuchin enclosure had an elevated wooden platform with adhered, brownish/gray colored, organic type material within the worn cracks and rough ridges on the top surface. Surfaces which cannot be readily cleaned and sanitized such as unsealed or porous, cracked surfaces can trap debris, bacteria, or other harmful organisms. All surfaces must be maintained on a regular basis. Surfaces of housing facilities that cannot be readily cleaned or sanitized must be replaced when worn or soiled.

Correct by 03/15/2024.

3.131(c)

Sanitation.

A room used for food preparation, food and supply storage, and for cleaning animal dishes is in need of general housekeeping and cleaning. There was an accumulation of several, old cobwebs in the rafters directly above the food/supply areas with some approximately 1ft. X 1ft. in size. Additionally, there were accumulations of dust/debris and cobwebs along the walls behind food storage appliances. Regular cleaning and housekeeping is necessary to protect the health of animals, to prevent the harborage of pests and to reduce the potential for spread of disease. Premises (buildings and grounds) shall be kept clean and in good repair in order to protect the animals from injury and to facilitate the prescribed husbandry practices set forth in this subpart.

Correct by 03/15/2024.

3.154

Environment enhancement to promote psychological well-being.

The facility provides enrichment items and opportunities for its birds; however, a written environmental enhancement plan for birds had not been developed by the facility and was not available for review. This plan is necessary to promote the psychological well-being of birds. Exhibitors must develop, document, and follow a species-appropriate plan that has been approved by the attending veterinarian. The plan must be in accordance with the regulations and with currently accepted professional standards as cited in appropriate professional journals or reference guides. At a minimum, the plan must
