ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

A new litter of three wolf pups was born at the facility in May, however, the attending veterinarian was not notified. According to the facility's written Program of Veterinary Care, the attending veterinarian will perform additional site visits for the examination of new litters.

The Program of Veterinary Care must be followed to ensure that adequate veterinary care is provided and maintained for all of the facility's animals.

This was a focused inspection to review the facility's written Program of Veterinary Care. An exit interview was conducted with the facility representative by phone on 6/28/16.
