

## Inspection Report

---

City of Englewood  
1155 W Oxford Ave.  
Englewood, CO 80110

Customer ID: **3506**

Certificate: **84-C-0157**

Site: 001

Englewood Farm & Train at  
Bellevue Park

Type: RE-LICENSE INSPECTION

Date: 17-JUN-2025

---

### 3.125(a)

#### Facilities, general.

The electric cord for the fan is located within reach of the baby goats located in the outdoor shelter. The fan is plugged in at time of the inspection and poses a risk of injury or electrocution if the animals bite into the cord. The housing facility must be maintained to protect the animals from injury.

### 3.154

#### Environment enhancement to promote psychological well-being.

The licensee does not have a completed species-appropriate environment enhancement plan for birds. They are providing different types of enrichment to the birds but lack a written plan approved by the attending veterinarian. This plan is required to promote psychological well-being of the avian species at the facility, and approval by the Attending Veterinarian helps ensure the plan is effective for this purpose. The licensee must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and be made available to APHIS upon request. The plan, at a minimum, must address social grouping, environmental enrichment, special considerations, restraint devices, and exemptions.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by August 18th 2025 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
