Illusioneering Inc.
4370 West Torino Avenue
Las Vegas, NV 89139

Customer ID: 8805
Certificate: 88-C-0151
Site: TRA
ILLUSIONEERING, INC.

Type: ROUTINE INSPECTION
Date: 12-FEB-2014

3.127(d)

FACILITIES, OUTDOOR.

Large Felid enclosures are on a concrete pad, surrounded by a perimeter fence. Fence does not meet requirements.

- Fence is over 8 feet high from outside of pad, as pad is elevated above ground level. However, from the enclosure area, the fence is between 5 and 6 feet high. Fences less than 8 feet high for potentially dangerous animals, such as large felines (e.g., lions, tigers, leopards, cougars, etc. must be approved in writing by the Administrator.
- Perimeter fence is made of chain link, with plastic strips threaded through the mesh. Fence is several inches from the various enclosures in the area. It must be of sufficient distance from the outside of the primary enclosure to prevent physical contact between animals inside the enclosure and animals or persons outside the perimeter fence. Fences less than 3 feet in distance from the primary enclosure must be approved in writing by the Administrator.

Extended Correction Date of 3-4-14

3.128

SPACE REQUIREMENTS.

Enclosures in use at time of inspection did not provide sufficient space to allow each animal to make normal postural and social adjustments with adequate freedom of movement. APHIS has determined that "adequate freedom of movement" includes the ability to exercise. If the primary enclosure does not provide such opportunities, the requirement may be met by daily release for a reasonable amount of time into an area that will allow such opportunity. No such area is currently in use.

Extended Correction Date of 2-16-14

Inspection conducted at Harrah's Casino, Laughlin, NV. Exit interview conducted with licensee.
