Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process on Thursday May 12th. The inspector arrived at the gate at 2:35pm and left voice mail messages on both licensee's cell phone and home phone along with a text message. At 3:00pm licensee's wife drove up to gate on her way to a school pickup. Inspector offered to wait to do inspection upon return but was told that was not possible due to a work commitment. Licensee sent reply text that he was not available.
