2.40(b)(2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

Some medications were expired or unlabeled. Use of expired or unlabeled medications may cause unanticipated results if used in animals. Properly dispose of expired and unlabeled medications. Correct by October 7, 2015.

3.75(a)

HOUSING FACILITIES, GENERAL.

The approximately 4x4 inch openings in the primary enclosure fencing containing 3 rhesus macaques are too large, allowing the 7 month old to go in and out of the primary enclosure at will. This presents a hazard to both the macaque and the public who may encounter it. Licensee needs to ensure that the young monkey is properly contained and unable to leave its enclosure. Correct by October 2, 2015.

Exit interview conducted with facility representative, Kate Campbell, ACI, and Mary Ann McBride, VMO.
