Navajo Nation Zoo & Botanical Park
Po Box 1329
Window Rock, AZ 86515

Customer ID: 3446

Certificate: 86-C-0084

Site: 001

NAVAJO NATION ZOO AND BOTAN PK

Type: ROUTINE INSPECTION

Date: 02-AUG-2016

3.58(a)

CLASSIFICATION AND SEPARATION.

The facility is currently housing two rabbits with two ducks in the same primary enclosure inside the Discovery Center. Housing rabbits with other species may affect their health and well-being and increase the risk of injury to the rabbits. A system should be in place and maintained to ensure rabbits are not housed in the same primary enclosure with any other species unless required for scientific reasons.

To be corrected by: August 8, 2016

3.125(c)

FACILITIES, GENERAL.

In the Discovery Center inside the storage/food preparation room is an open bag of dry cat food sitting on the stairs that had been previously fed to the skunk. Inside the commissary/warehouse is an open bag of livestock feed sitting on the ground and on the shelf an open bag of Corid medicated feed for calves. There is potential for vermin to contaminate the food, rapid deterioration or molding which could cause disease or illness to the animals. Ensure that all food and bedding are stored in facilities which adequately protect such supplies against deterioration, molding, or contamination by vermin.

To be corrected by: August 8, 2016

Inspection and an exit briefing were conducted with a facility representative. Inspection was conducted on 8/2/2016 and 8/3/2016.
