

## Inspection Report

Pelican Harbor Seabird Station  
1279 N E 79th Street Causeway  
Miami, FL 33138

Customer ID: **334993**  
Certificate: **58-C-1161**  
Site: 001

PELICAN HARBOR SEABIRD STATION

Type: ROUTINE INSPECTION  
Date: 15-DEC-2016

### 2.40(b)(2)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

At the facility's main treatment room medicine cabinet, a large bottle containing prescribed medications was identified with expired dates on its label. All medications intended to be used as therapy for regulated animals should have current expiration dates to provide the best possible care. All expired medications and medical products intended for use with regulated animals should be properly discarded.

Correct by: December 16, 2016

### 3.125

#### FACILITIES, GENERAL.

A permanent primary enclosure for the Virginia opossum was not available at the time of inspection; an owl was occupying the already approved outdoor housing enclosure for the opossum. The opossum is temporarily been housed indoors in the clinic area of the main building. The intended outdoor and/or indoor housing facilities for regulated animals shall be available for inspection to ensure these are structurally sound and be maintained in good repair, and in that way, regulated animals are protected from injury and are properly contained. The facility needs to provide a permanent primary enclosure to the resident opossum and make it available for inspection.

Correct by: January 15, 2017

### 3.130

#### WATERING.

At the time of inspection, drinking water for the opossum at its temporary enclosure was not available. The facility's potable water must be accessible to the animals at all times; if potable water is not available, it must be provided in clean/sanitary receptacles as often as necessary for the health and comfort of the animal.

Corrected by facility personnel at the time of inspection.

Prepared By: MARIO MERCADO, D V M USDA, APHIS, Animal Care
