2.31(e)(2)

Institutional Animal Care and Use Committee (IACUC).

Protocol A was approved by the IACUC. However, there is no statement providing a rationale for the appropriateness of the species chosen for the study. It is the responsibility of the IACUC to ensure protocols are complete and contain all the required information before approval. Each proposal for animal use must contain all required elements per regulation to allow the IACUC to fully understand and adequately review the proposed activities. Correct by September 30, 2024.

This inspection and exit interview were conducted with the facility representatives and the IO.
