#### Environment enhancement to promote psychological well-being.

The facility did not have a documented environmental enhancement plan to promote the psychological well-being of their avian species as required by the Animal Welfare Act.

Dealers, exhibitors, and research facilities must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations in this subpart and with currently accepted professional standards as cited in appropriate professional journals or reference guides. This plan, at a minimum, must address social grouping, environmental enrichment, special considerations, restraint devices, and requirements for exemptions.
