CRITTER BARN

Type: ROUTINE INSPECTION
Date: 26-NOV-2019

2.40(b)(2) DIRECT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The licensee has a stray cat living with a pig. This stray cat appears to be missing an eye. The area where the eye is/was is very red. The licensee/staff noticed this eye issue approximately 2 months ago. The facility top dressed some cat food with antibiotics but the cat quit eating the food. This cat has not seen a veterinarian. This cat has been difficult to capture.

Each exhibitor shall establish and maintain programs of adequate veterinary care that include the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries, and the availability of emergency, weekend, and holiday care.

This cat needs to be seen by a veterinarian for a proper diagnosis and a treatment plan to relieve pain and distress of the animal.

To be corrected by November 30, 2019

This inspection and exit interview were conducted with the Animal Management.
