

## Inspection Report

Augusta University  
1120 15th St, Cj-1036  
Augusta, GA 30912

Customer ID: 895  
Certificate: 57-R-0002  
Site: 001

DIVISION OF LABORATORY ANIMAL SERVICES

Type: ROUTINE INSPECTION  
Date: 13-SEP-2016

### 2.31(d)(1)(ii)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Protocol #2011-0394 involves the use of Complete Freund's adjuvant. The use of this adjuvant can potentially cause more than slight or momentary pain, therefore the search is incomplete and cannot assure that there are no alternatives available.

Protocol #2014-0635 and #2009-0064 are teaching protocols that involve surgeries. The searches conducted do not include the actual surgical procedures being conducted. Without including the surgical procedures that may cause the pain or distress the search is incomplete.

The IACUC shall review the protocols to ensure that the investigator has considered alternatives to all procedures that may cause pain or distress.

Correct by October 31, 2016.

### 2.31(e)(2)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The justification for the number of animals used in protocol #2009-0064 does not clearly provide a rational for the number of animals to be used. A proposal to conduct activities involving the use of animals must provide an appropriate rational for the number of animals to be used on the protocol.

The IACUC shall review the protocol to ensure appropriate justification is provided for the number of animals involved.

Correct by October 15, 2016.

This inspection was conducted with the Clinical Veterinarian, Supervisor of CB and the Director of Veterinary Services. The exit interview was conducted with the Director of Veterinary Services, Clinical Veterinarians, Vet Tech Supervisor and other representatives.

Prepared By: MICHELLE WILLIAMS, D V M USDA, APHIS, Animal Care
