LAWRENCEBURG, KY 40342

Customer ID: **323950**

Certificate: **61-C-0193**

Site: 001

ERIC SWISHER

Type: ROUTINE INSPECTION

Date: 25-NOV-2024

---

### 2.1(b)(2)(i)

#### Requirements and application

The maximum number of animals authorized for the licensee's USDA license is 100 animals, but they currently have 222 animals. The USDA license authorizes a specific number of animals to ensure the facility is capable of providing care for that number of animals.

A licensee must obtain a new license before any change resulting in more than the authorized number of animals on hand at any single point in time during the period of licensure. The licensee must maintain no more than the maximum number of animals that their USDA license allows.

Correction date by: December 25, 2024.

### 3.154

#### Environment enhancement to promote psychological well-being.

The facility does not have a plan for the environmental enhancement to promote psychological well-being for the birds. The facility displays, two ostriches, 6 rheas, 5 emus, and 2 Amazon parrots, all of which are provided with enrichments to enhance their environments and promote their health and well-being. A developed plan has not been documented and reviewed by the attending veterinarian. Facility must develop and document and follow a species-appropriate plan for environment enhancement for its birds. The attending veterinarian should review, make adjustments to, and approve an appropriate plan.

Dealers, exhibitors, and research facilities must develop, document, and follow a species-appropriate plan for environmental enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations in this subpart and with currently accepted professional standards as cited in appropriate professional journals or reference guides.

Correction date by: December 16, 2024

This inspection and exit interview were conducted with facility representative.
