Eli Miller  
3676 County Road 1560  
Madison, MO 63552

Customer ID: **31281**  
Certificate: **43-A-6250**  
Site: 003  
Eli Miller

Type: NEW SITE INSPECTION  
Date: 09-MAR-2022

---

### 2.40(b)(2)

#### **Attending veterinarian and adequate veterinary care (dealers and exhibitors).**

Approximately nine puppies had a raspy cough. The licensee had not treated or contacted a veterinarian about these puppies. These puppies cough could be due to an infection or a variety of other veterinary medical conditions. The licensee must consult with a licensed veterinarian regarding these puppies condition in order to ensure that an accurate diagnosis is made and an appropriate treatment plan is developed and followed. The licensee must document this information and make it available to the inspector upon request. The licensee must ensure that all animals receive adequate veterinary care at all times.

### 3.11(a)

#### **Cleaning, sanitization, housekeeping, and pest control.**

Excessive feces on the ground under enclosures of approximately 40 dogs. Under all the enclosures on both sides of building 2 had feces several inches deep on the ground about 2-3 feet below the enclosures. The licensee had said it had been awhile since last cleaned. The accumulation of waste can increase health hazards, attract insects and pests, and produce odors. The licensee must remove this waste and clean as often as necessary to prevent an accumulation of waste.

## Inspection Report

---

This inspection was a site approval inspection.

This site is not ready for approval to conduct activity covered under your current Animal Welfare Act License.

Conducting regulated activities at a non-approved site is a violation of the Animal Welfare Act.

Please contact your inspector to schedule your next new site approval inspection.

This inspection and exit interview were conducted with the licensee.
