Worms Wiggle In LLC  
3541 NW 34th PI  
Gainesville, FL 32605

Customer ID: **6010848**  
Certificate: **58-B-0696**  
Site: 001  
Worms Wiggle In LLC

Type: ROUTINE INSPECTION  
Date: 15-FEB-2024

---

### 3.125(a)

#### Facilities, general.

While in the animal room, the inspector witnessed two spiny mice roaming free under the shelves. These mice had escaped from their enclosure, likely due to an incorrectly closed lid per the facility representative. Enclosures that are not maintained appropriately or that are not suitable for the species can lead to escape. Housing facilities must be constructed of such material and of such strength as appropriate for the animals involved. All housing facilities shall be structurally sound and shall be maintained in good repair to protect the animals from injury and to contain the animals. The escaped spiny mice must be caught and returned to their enclosure. To be corrected by February 21, 2024.

### 3.131(d)

#### Sanitation.

There are numerous small, winged insects in the animal room, some of which are inside the enclosure for one short-tailed opossum. Insect pests can cause contamination and disease as well as discomfort to the animals. The facility must establish and maintain a safe and effective program for the control of insects, ectoparasites, and avian and mammalian pests. To be corrected by February 23, 2024.

This inspection and exit interview were conducted with a facility representative.
