2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The licensee has an attending veterinarian, however the written Program of Veterinary Care (PVC) made available at time of this inspection needs more detail. The Parasite Control Program has no guidelines for the frequency of sampling or treatment. Emergency Care provisions need more detail in regards to who will provide emergency care if the attending veterinarian is unavailable. The licensee must consult with the attending veterinarian and develop a more complete and accurate written program of veterinary care. This information is important so that the preventative medicine program established and implemented will ensure that the animals are maintained in good health.

2.126(c) REPEAT

ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

The licensee is currently in travel status and did not submit a written itinerary to the Animal Care Regional Director prior to traveling with the animals.

The itinerary shall be received by the AC Regional Director no fewer than 2 days in advance of any travel and shall contain complete and accurate information concerning the whereabouts of any animal intended for exhibition at any location other than the person's approved site.

(1) The itinerary shall include the following:

- (i) The name of the person who intends to exhibit the animal and transport the animal for exhibition purposes, including any business name and current Act license or registration number and, in the event that any animal is leased, borrowed, loaned, or under some similar arrangement, the name of the person who owns such animal;
- (ii) The name, identification number or identifying characteristics, species (common or scientific name), sex and age of each animal; and
- (iii) The names, dates, and locations (with addresses) where the animals will travel, be housed, and be exhibited,
