2.31(d)(1)(ii)

Institutional Animal Care and Use Committee (IACUC).

**During a review of Protocol #20-02-252, a written narrative of the methods and sources used to determine that alternatives were not available to potentially painful and/or distressful procedures described in the protocol did not include surgical procedures. No animals have been used for painful and/or distressful procedures on the protocol since it's approval or are currently assigned to this teaching protocol.

**Per this Regulation, the IACUC should determine during a review of proposed animal use activities that the proposed activities meet the requirements as per Section 2.31(d)(1)(ii) to include the methods and sources used when determining consideration of alternatives by the principal investigator to potentially painful and/or distressful procedures as described in the protocol.

**The IACUC needs to address this item as identified for this protocol and ensure that all active animal use proposals are in compliance with this section.
