2.40(b)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

One bottle of Uniprim was found to be expired at the time of inspection but was not currently in use. The use of expired medications is not considered appropriate to comply with the provisions of the Animal Welfare Act (AWA) as outlined in the above noted section of 9 Code of Federal Regulations (CFR). Expired medications may lose their effectiveness or become harmful to the animals. Correct by assuring all medications are discarded or replaced so that they can not be used on the animals. To be corrected by 6 January 2016

3.25(c)

FACILITIES, GENERAL.

An open bag of food was present in the facility next to the enclosed food container. The owner stated that this was what did not fit in the storage container. Leaving food in open bags without further protection can lead to deterioration of the nutrient value and possible contamination by pests and the environment. Correct by assuring food supplies are stored in containers with tightly fitting lids or covers when no longer sealed in the original containers as received from the commercial sources of supply. To be corrected by: 6 January 2017

This inspection and exit interview were conducted with the owner.
