### 2.40(a)(1)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

At the time of the inspection, the written program of veterinary care was a 7002(a) and only had the wolf hybrids listed on it. Although dogs do require a specific written program of veterinary care, there was not another written program of veterinary care that covered the other animals at the facility. The written program(s) of veterinary care must include all species of animals under the care of the attending veterinarian and be complete.

### 2.75(a)(1)(iv)

#### Records: Dealers and exhibitors.

At the time of the inspection the dogs on hand form (APHIS form 7005) was missing the required information concerning the disposition of two wolf-hybrids that are no longer located at the facility. Complete disposition information is necessary for trace-backs and animal identification purposes. The licensee must ensure that the form 7005 is kept up-to-date and must obtain the required information.

The regulations require the name and address of the person to whom a dog or cat was sold or given and that person's license or registration number if he or she is licensed or registered under the act.

### 2.75(b)(2)

#### Records: Dealers and exhibitors.

At the time of the inspection, there was no inventory or animals on hand document for the animals at the facility. Complete acquisition information is necessary for trace-backs and for identification purposes. The licensee must ensure that the APHIS form 7019 or alternate document with all the required information is kept up-to-date and must obtain the name and address of their animal sources at the time of acquisition.
