### Repeat

#### Requirements and application.

At the time of this inspection it was noted that a ring-tailed lemur and two-toed sloth were being exhibited to the general public along with a variety of other domestic farm animals. These species are not exempt, or excluded, from the definition of an Animal Welfare exhibitor. Therefore, a USDA Class "C" exhibitor license is needed. An application will need to be submitted to the USDA - Animal Care office.

No regulated activities can be conducted until a USDA license is obtained.

This inspection and exit interview were conducted with a facility representative.
