Eli A. Miller
4385 Audrain Road 165
Clark, MO 65243

Customer ID: **31281**
Certificate: **43-A-5541**
Site: 001
ELI MILLER

Type: ROUTINE INSPECTION
Date: 21-MAR-2017

2.40(b)(2) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

***There was tan male Pug (0A02582015) with hair loss and circular-like skin lesions in the regions of the right hip and near the base of the tail. The areas of hair loss were oblong in shape and extended beyond the reddened skin lesions located within the regions of hair loss. The lesions appeared to be reddened and scabbed. The two hair loss areas were approximately ½ inch diameter and had a few smaller, pinpoint sized lesions near it. The licensee was not aware of the dog's condition prior to the inspector pointing it out. This dog's condition could be due to an injury, infection or a variety of other veterinary medical conditions. The licensee must consult with a licensed veterinarian regarding this dog's condition in order to ensure that an accurate diagnosis is made and an appropriate treatment plan is developed and followed. The licensee must document this information and make it available to the inspector upon request. The licensee must ensure that all animals receive adequate veterinary care at all times.

This inspection and exit interview were conducted with the licensee.

Additional Inspectors

Heine William, Animal Care Inspector
