2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

At the time of inspection, there was no written program of veterinary care available for review. Each dealer and exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian, the formal arrangements shall include a written program of veterinary care. A completed written program of veterinary care is important for the care of the animals and ensures clear and accurate communication between the facility and the attending vet. The licensee must have a completed program of veterinary care available for review during inspections. To be corrected by August 22, 2022.

This inspection and exit interview were conducted with a facility representative.
