BIRDS & ANIMALS UNLIMITED

Type: RE-LICENSE INSPECTION

Date: 07-AUG-2025

2.1(a)(1)

Requirements and application.

The facility operated and exhibited regulated animals to the public on August 5-6 after their license expired on August 4, 2025 without a USDA license. Although this site has applied for a relicense, the relicensing process has not been completed and no license has been issued. Exhibition of animals without a valid Class C Exhibitors license puts the animals and the public at risk and is a violation of the federal Animal Welfare Act.

2.40(b)(2)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

During inspection two dogs were examined by APHIS officials and were noted to have dental tarter.

-Bailey, male cocker spaniel, (chip# 600569793) had dental tarter. On veterinary exam dated 1OCT2024 the attending veterinarian (AV) noted "moderate dental tarter" and the plan was to perform a dental. No dental was noted in the medical record.

-Charlie, male miniature poodle, (chip # 604884516) had dental tarter. On veterinary exam dated 29April2025 the AV noted "moderate tarter" and the plan was to perform tarter removal. No dental was noted in the medical record.

Failure to provide appropriate methods to properly diagnose and treat dental problems in a timely manner may result in difficulty eating, pain, and suffering.

Correct by providing appropriate methods to properly diagnose and treat conditions in a timely manner.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by October 6, 2025 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

You should not conduct regulated activity without a valid license
