Veterinary care for dogs.

Although a physical exam was completed by the attending veterinarian within the required 12-month timeframe, the attending veterinarian's visit to the premises exceeded the required timeframe by almost 3 weeks (20 days).

Regularly scheduled visits to the animal premises allow the attending veterinarian to assess the adequacy of veterinary care, and ensure the health and well-being of dogs.

Visits by the attending veterinarian to all premises where dogs are kept should be performed not less than once every 12 months.

reinstated prior to inspection, with monthly medication administered in January and February, 2023. At the time of inspection, medication for March 2023 was not yet due, but the licensee had medication in her possession, and a system in place to comply with this aspect of the Program of Veterinary Care.

Antiparasitic treatments, as prescribed by the attending veterinarian, ensure the health and welfare of dogs.

Exhibitors must follow an appropriate program of veterinary care for dogs that is developed, documented in writing, and signed by the attending veterinarian. Treatment for parasites, including heartworm, must be performed in accordance with the schedule approved by the attending veterinarian.

Corrected on January 18, 2023.

This inspection and exit interview were conducted with the facility representative.
