### 3.13(a)

#### **Veterinary care for dogs.**

A current written Program of Veterinary Care for Dogs has not been completed and made available for review at time of inspection. The licensee stated they have been using a new attending veterinarian for the past several months for the care of the dogs. The review of this document is necessary to ensure that the facility is addressing the requirements in this section of the Animal Welfare Act and that the facility is following the instructions for animal care given by the attending veterinarian. The facility must develop, keep and maintain the signed, written program of veterinary care for dogs and make it available for APHIS inspection.

Correct by 05/31/2022.

This inspection and exit interview were conducted with the licensee.
