Certificate: **23-A-0696**
Site: 001
PAUL E WEAVER

Type: ROUTINE INSPECTION
Date: 28-JAN-2021

3.25(c)

Facilities, general.

Storage. There is spilled feed on the floor underneath the wooden feed bin in the food storage shed. There are rodent droppings on shelf above the feed bin. An opened bag of dry dog food was present on the floor in the food storage shed. Supplies of food and bedding must be stored in facilities which adequately protect the supplies from spoilage, infestation or contamination by rodents. Correct by ensuring that opened feed is stored in closed containers, spilled feed is removed from the floor, and food supplies are protected from contamination by rodents. Correct by January 30, 2021

3.31(b)

Sanitation.

Housekeeping. There are accumulations of cobwebs, dust, dirt, and debris on the ceiling, walls, fans, and racks. Animal facilities must be kept clean to ensure good quality of air for the animals and to prevent unnecessary disease risks. Ineffective cleaning exposes the animals to disease hazards and health problem. Correct by ensuring the premises are kept clean, including: removing cobwebs, dust, dirt, and debris from ceiling, walls, fans, and racks; routinely dusting off and cleaning all surfaces in the inside of the guinea pig room; and maintaining a level of general cleanliness to support good animal husbandry and health. Correct by January 30, 2021.

3.31(c)

Sanitation.

Inspection Report

Pest control. There are rodent droppings on the shelf above the wooden feed bin in the guinea pig shed. There are plastic containers, cardboard boxes, and miscellaneous items stored on the shelf which can provide hiding and living areas for rodents. There was spilled feed on the floor underneath a wooded feed bin. There were no pest control measures in use in food storage shed. An effective program for the control of rodents must be established and maintained to prevent the contamination of feed and to protect the health of the guinea pigs. Correct by February 4, 2021.

This inspection was conducted with owner's son and exit interview was conducted with a family member (owner's spouse).
