TOTAL AIRPORT SERVICES

Type: **ROUTINE INSPECTION**
Date: **24-MAY-2017**

2.27(a)

NOTIFICATION OF CHANGE OF OPERATION.

The registrant is operating a cargo office at San Francisco International Airport for various airlines that transport animals. The Total Airport Services personnel frequently receive and handle animals in transit for the carriers that use this cargo office. Total Airport Services failed to renew their registration with USDA / APHIS / Animal Care; records show that the renewal packet was returned to Animal Care marked as "forward time expired, return to sender". A Total Airport Services employee told the inspector, at the time of inspection, that their mailing address had changed some time ago.

Registrants shall notify the Animal Care Regional Director by certified mail of any change in the name, address, or ownership, or other change in operations affecting its status as an exhibitor, carrier, or intermediate handler, within 10 days after making such change. Failure to provide such notification can result in instances such as this, where the registration has been cancelled, which could adversely affect the welfare of the animals, since USDA / APHIS / Animal Care might not be aware of these activities, and therefore potentially unable to enforce the Animal Welfare Act regulations regarding animals in transit.

The registrant shall refrain from conducting regulated activities until such time as the registration has been renewed.

This inspection and exit interview were conducted with a Total Airport Services employee at the cargo office at 900 North Access Rd at SFO.
