Certificate: **14-B-0053**  
Site: 001  
Joseph Gentile

Type: RE-LICENSE INSPECTION  
Date: 25-MAR-2025

---

### 2.75(b)

#### Records: Dealers and exhibitors.

Acquisition records were not available for the regulated animals at the facility. Multiple chinchilla births had occurred at the facility, however the information which is required per this section of the AWA had not been documented. Records must be maintained for all animals in the facility and must be updated with the required information, including date of acquisition and species of animal and any live births. The documents must be available for review by APHIS officials during inspections.

### 2.134(a)

#### Contingency planning.

A Contingency Plan had been documented for the facility, however it did not contain the required information per this section of the AWA. The facility must develop and document a contingency plan which describes the care for the animals in the event of a disaster. The plan must describe events which would trigger the need for implementation, as well as identify a specific chain of command of who would be responsible for fulfilling the described tasks. The document must be available for review by APHIS officials during inspections.

### 3.125(a)

#### Facilities, general.

The igloo style hideouts in four of the chinchilla enclosures were observed with chewed and jagged edges. The jagged edges could cause injury to the animals and in addition could harbor debris and prevent efficient cleaning. The enclosures and housing facilities must be maintained in good repair. Animal enclosures and housing features must be repaired or replaced as needed in order to comply with this section of the AWA.

This is a 1st Re-License Inspection for a Class "B" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by May 25, 2025 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.
