HANDLING OF ANIMALS.

(c)(1)

*****At the time of inspection, the two sloths that were being exhibited in the tree directly in front of the concession stand, were surrounded by the viewing public a member was pointing at the sloths, had the arm extended and finger pointing just a few inches of the sloths. This poses a risk to the viewing public and the sloths on exhibit. At time of exhibition there should be sufficient distance/barrier/readily identifiable attendant in the immediate proximity to the sloths on exhibit to prevent this from occurring.
