CONSIGNMENTS TO CARRIERS AND INTERMEDIATE HANDLERS.

Three dogs had just arrived at the Delta cargo office, on JFK origin Delta flight # 434, on waybill # 066-62360922. The consignor's feeding and watering instructions, applied to each crate, and not been filled out. Neither feeding and watering instructions, nor the time and date the animals were last offered food and water, was provided.

The airline must assure that, upon taking possession of the animals at the point of origin, all pertinent and required information has been provided by the consignor, including the time last offered food and water, and what the feeding and watering instructions are during transit. Failure to provide this information could put the welfare of the animals at risk.

To be corrected from this time forward at all sites.

This inspection and exit interview were conducted with a representative at the Delta cargo office.
