Type: ROUTINE INSPECTION
Date: 12-FEB-2015

2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The licensee could not locate the written program of veterinary care form at the time of the inspection. The written PVC ensures the facility has an attending veterinarian and outlines the formal arrangements between the facility and the veterinarian. The licensee must have the attending veterinarian complete, sign and date a program of veterinary care form. Correct by 26 February 2015.

2.75(a)(1)

RECORDS: DEALERS AND EXHIBITORS.

The Record of Dogs on Hand forms are not complete. The microchip number is missing for 10 dogs. The lack of complete information on these forms makes it difficult to accurately track and monitor the dogs present in the kennel. These forms shall accurately and completely include all required information, including but not limited to dog identification number. Correct by 26 February 2015.

3.4(a)(1)(2)

OUTDOOR HOUSING FACILITIES.

Currently the licensee is housing 8 dogs of different short-haired breeds in outdoor housing facilities without approval from the attending veterinarian. Short-haired breeds of dogs may not be able to tolerate the cold temperatures without causing them stress and discomfort. The attending veterinarian must specifically approve this practice of housing short-haired breeds of dogs in outdoor housing facilities. Correct by 26 February 2015.

3.8

EXERCISE FOR DOGS.

The licensee could not locate the Exercise plan at the time of the inspection. A current, approved exercise plan ensures that the attending veterinarian has confirmed the dogs have ample space to exercise. The licensee must have the attending veterinarian sign and date the written exercise plan. Correct by 26 February 2015.
