4279 East Mount Hope Road  
East Lansing, MI 48823

Customer ID: **334161**  
Certificate: **34-G-0001**  
Site: 001

AVIAN DISEASE AND ONCOLOGY LABORATORY

Type: ROUTINE INSPECTION  
Date: 18-MAY-2017

### 2.131(b)(1) CRITICAL

#### HANDLING OF ANIMALS.

On May 12, 2017, 15 ducks were found dead by the caretaker during the morning's observations, due to dehydration. The facility necropsy report indicated the severity of signs and drop in egg production would be consistent with multiple days without access to water. The lack of drinking water can cause dehydration, pain, suffering, and death. Handling of all animals shall be done as expeditiously and carefully as possible in a manner that does not cause trauma, overheating, excessive cooling, behavioral stress, physical harm, or unnecessary discomfort. The facility has established new policies for daily observation of animal health and to ensure daily access to potable water.

To be corrected from this date forward.

This inspection and exit interview were conducted with facility representatives.

#### Additional Inspectors

Campitelli D.V.M Kathryn, Veterinary Medical Officer

Prepared By: BAKER JEFFREY, D V M USDA, APHIS, Animal Care
