Washington Boro, PA 17582

Customer ID: **503308**

Certificate: **23-C-0382**

Site: 001

RAVEN RIDGE WILDLIFE
CENTER INC

Type: RE-LICENSE INSPECTION

Date: 26-SEP-2023

2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The birds are not listed on the written program of veterinary care (PVC) for this facility. Failure to include birds on the written PVC can result in a lack of veterinary guidance on the care of animals, adequate treatment, and consultation with the attending veterinarian when there are animal health and well-being problems. Licensee must contact the attending veterinarian and update the written program of veterinary care to include birds.

3.154

Environment enhancement to promote psychological well-being.

An environment enhancement plan (EEP) has not been established to promote the psychological well-being of the birds. Failure to establish and maintain an EEP can result in birds not receiving adequate enrichment which can lead to behavior, social, health, and other psychological problems. The plan must address at a minimum social grouping, environment enrichment, special considerations, restraint devices, and any birds that are exempted by the attending veterinarian because of health issues or other conditions. The plan must be approved by the attending veterinarian. Licensee must establish and maintain an EEP for the birds.

This is a 1st re-license inspection for a Class C license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections by November 25, 2023, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next re-license inspection.

Regulated activity can continue under your existing USDA license until it expires.
