Emerald Coast Wildlife Refuge
105 Santa Rosa Blvd
Fort Walton Beach, FL 32548

Customer ID: 36333

Certificate: 58-C-1052

Site: 001

EMERALD COAST WILDLIFE REFUGE

Type: ROUTINE INSPECTION

Date: 05-APR-2016

2.40(b)(2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

** The following medications were past the labeled expiration date: acepromazine, epinephrine, famotidine, albuterol, gentamicin and metoclopramide. These medications were intermingled with other products that are currently being used at the facility and are therefore ready for use. Expired drugs may not work as anticipated, could become contaminated, and could harm the animals. The applicant must ensure that all medications used in the facility are not expired, labeled properly in accordance with standard veterinary practices, and are stored in accordance with manufacturer's recommendations. Correct by April 8, 2016

2.75(b)(1)

RECORDS: DEALERS AND EXHIBITORS.

** The animal inventory for the facility was inaccurate and did not account for the correct number of animals at that site. The Virginia opossums and Eastern grey squirrel count drastically differed from the animals currently at the facility. Every exhibitor shall make, keep, and maintain records or forms which fully and correctly disclose the following information concerning animals other than dogs and cats, purchased or otherwise acquired, owned, held, leased, or otherwise in his or her possession or under his or her control, or which is transported, sold, euthanized, or otherwise disposed of by the exhibitor. The records shall include any offspring born of any animal while in his or her possession or under his or her control. Correct by April 9, 2016.

The exit interview was conducted with the Acting Director.
