2.27(a)

Notification of change of operation.

The registrant failed to notify USDA APHIS Animal Care within 10 days of a business change (facility address). Failure to notify the agency of changes that affect the operating status of a carrier impedes APHIS Officials' ability to carry out their duties. A registrant shall notify the Deputy Administrator by certified mail of any change in the name, address, or ownership or other change in operations affecting its status as a carrier or intermediate handler, within 10 days after making such change.

Correct by 05/05/2025.

2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1:40pm on 04/23/2025. The inspector attempted to contact the registrant by announcing their presence at the facility address. The tenant at the facility address stated they had moved in about a month ago and did not know the registrant. The inspector then called the registrant at 1:42pm and left a voicemail. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
