Type: RE-LICENSE INSPECTION
Date: 12-DEC-2022

2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

At the time of inspection, the licensee stated that she had recently acquired a new part-time Attending Veterinarian. However, formal arrangements have not yet been documented and there was no written Program of Veterinary Care. A written Program of Veterinary Care is important for animal welfare because it facilitates communication between the part-time Attending Veterinarian, the on-site animal care team, and the facility owner, it also ensures animals will receive consistent and timely diagnoses and treatment of diseases, illnesses, and injuries. The formal arrangements with a part-time veterinarian shall include a written Program of Veterinary Care and regularly scheduled visits to the premises. To be corrected by the next re-license inspection.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by February 10, 2023, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
