ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

In the kennel facility there are four adults which need to be evaluated by the attending veterinarian. In the first barn there is a female adult Beagle, tatoo # F0086, which has an open wound on the end of it's tail. In the first barn there is an adult female named Charlie, tatoo 0717, which is thin to the point of ribs, hip bones and spine protruding. The animal has green and brown matter on the upper and lower whole tooth surface. The animal was also observed licking on the metal enclosure surfaces. In the south west housing area there is one female Beagle adult, tatoo # F0019, whose has green and brown matter on the upper and lower tooth surfaces. The is also a canine tooth which is impacted with hair. In the south east housing area there is a adult male Beagle, Id # 8117, which has a bite wound on it's right rear leg. The dealer must maintain written documentation of the identified animals evaluation and all treatment.

Affects four adults.

Correct by March 27, 2014

The inspection and exit briefing was conducted by the Dealer and Representative.
