Type: ROUTINE INSPECTION

Date: 25-FEB-2025

2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

There was no updated copy of the written program of veterinary care available during the inspection. While the facility does have an attending veterinarian, there was no documentation of the attending veterinarian information or the details of all animal species veterinary care protocols at the facility.

The lack of a written program of veterinary care could cause a lapse in timely preventative treatments or unapproved process/products used for health care approved by the attending veterinarian.

Each dealer and exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the dealer or exhibitor.

2.75(a)(1)

Records: Dealers and exhibitors.

The inventory of the facility is behind six months in the updating of regulated animals that are at the facility, including those that were born/died and sold. While the inventory from May 2024 is available and some births and deaths are written down, and multiple receipts of some sales or purchases are available, several of these records are left incomplete and not up to date since May 2024.

The lack of an up to date inventory, births and deaths, and sales records can prevent the accuracy for proper management and traceability of the regulated animals.

Each dealer, other than operators of auction sales and brokers to whom animals are consigned, and each exhibitor shall make, keep, and maintain records or forms which fully and correctly disclose the following information concerning each dog or cat purchased or otherwise acquired, owned, held, or otherwise in his or her possession or under his or her control, or which is transported, euthanized, sold, or otherwise disposed of by that dealer or exhibitor. The records shall include any offspring born of any animal while in his or her possession or under his or her control.
