2.31(e)(3)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Item IACUC 2.31 e 3

At the time of inspection the teaching protocols for the both the feline and canine studies were reviewed. The medical records for these protocols showed both dentals and radiology studies were done, however the protocols failed to incorporate the aspects of radiology and dentals on both species as part of the study

The principal investigator needs to amend the protocol to include both dental and radiology studies as part of the study so it can be reviewed and approved by the IACUC.

Correct by 11/10/15

Exit interview took place at the end of inspection
