### 2.31(c)(3)

#### Institutional Animal Care and Use Committee (IACUC).

The IACUC did not prepare reports regarding the facility's program review and inspection of the animal facilities, for submission to the Institutional Official for the last two reviews. Semi-annual reviews were completed in July 2022 and January 2023, however, a report of the evaluations was never prepared or submitted to the Institutional Official.

Every six months, upon completion of the program review and facility inspection, the IACUC must provide reports of its evaluations to the Institutional Official to ensure that they are aware of the current status of the animal program, facilities, and procedures.

After completing the program review and the inspection of the animal facilities, the IACUC must prepare reports of their evaluations that a majority of members must sign, and submit the reports to the Institutional Official. Correct by next semi annual review in July 2023.

This inspection and exit interview were conducted with a facility representative.
