Date: 27-JUN-2024

2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 10:40 AM on 6/27/2024. The inspector attempted to contact the licensee/registrant by calling the account phone number and leaving a voicemail as well as by honking the horn at the gate. The facility representative notified the inspector that they would not be available for inspection at that time. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
