2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 3:00pm on June 17, 2024. The inspector attempted to contact the licensee but when they arrived at the facility a relative informed the inspector the licensee was not home (and there was no facility representative available, either). Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
