Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The facility has had a new part-time attending veterinarian (AV) since June of 2024. The AV has not established a written program of veterinary care (PVC) for the facility. A veterinary sign off sheet for the facility shows there was a visit to the facility on 4/6/2025 but the written PVC has not been updated. This document is required to ensure the facility has a guide to follow concerning the care of the animals, including preventive care, emergency care, euthanasia, and other topics, for the health and well-being of the animals. Each exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the exhibitor.

This inspection and exit interview were conducted with the facility representative.
