### Environment enhancement to promote psychological well-being.

The facility has a written enrichment plan and has been routinely providing enrichment for each bird species housed at the facility. However, personnel report that the written enrichment program that covers birds has not been formally approved by the Attending Veterinarian (AV). Approval of the enrichment plan by the AV helps maintain enrichment provided is species-appropriate for the birds at the facility. Ensure that the written environmental enhancement plan is reviewed and approved by the AV.

\*\*\*Correct by 5/31/2025.
