Type: RE-LICENSE INSPECTION

Date: 15-JUL-2024

2.40(b)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The facility failed to provide proper equipment or services to ensure adequate veterinary care. The facility does not possess operational equipment or services that allow the veterinary team to safely and effectively isolate or restrain certain species. As a result, routine healthcare, for the male giant eland and the slender horn gazelles, has been delayed.

Access to properly functioning equipment and appropriate facilities is necessary for diagnosing, treating and maintaining the health of the animals.

The facility shall establish and maintain programs of adequate veterinary care that includes the availability of appropriate facilities, personnel, equipment, and services. To be corrected by the next re-license inspection.

3.125(a)

Facilities, general.

The facility failed to maintain their hospital holding areas in good repair.

- Most of the vertical wooden boards that lined the outdoor portions of the two holding areas showed significant signs of damage and deterioration. One of the boards on the back wall of the right holding pen was no longer attached and bent inwards at the bottom with exposed screws.
- The bottom two inches of the double metal doors leading to the holding areas were rusted away, leaving a gap with sharp, jagged edges.

Failure to maintain facilities and enclosures in good repair can lead to animal injuries and escapes.

The indoor and outdoor housing facilities shall be structurally sound and shall be maintained in good repair to protect the animals from injury and to contain the animals. To be corrected by the next re-license inspection.

Inspection Report

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by September 21, 2024, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
