Type: ROUTINE INSPECTION
Date: 30-AUG-2022

2.35(b)(8)

Recordkeeping requirements.

The research facility acquired a total of 12 dogs from an unlicensed person and there is not a certification from the unlicensed person stating the animals were born and raised on the person's premises and that the person has sold fewer than 25 dogs and/or cats that year. This certification is required to ensure that the dogs are being obtained from a legal source and that random source dogs are not being used for research purposes. If dogs or cats are acquired from any person not licensed or registered under the Act and not a pound or shelter, the research facility must obtain a certification that the animals were born and raised on the person's premises and that the person has sold fewer than 25 dogs and/or cats that year.

Correct from this day forward

3.1(e)

Housing facilities, general.

There were several opened containers with food and bedding material in the storage room. Proper storage is required to ensure food is not contaminated by vermin and the elements. Contaminated food or bedding items can cause health problems to animals. All open supplies of food and bedding must be kept in leakproof containers with tight fitting lids to
