Trager Snake Farm Inc.
1541 White Water Road
New Braunfels, TX 78132

Customer ID: **38909**

Certificate: **74-C-0755**

Site: 001

Trager Snake Farm Inc

Type: ROUTINE INSPECTION

Date: 15-NOV-2017

2.40(b)(2) DIRECT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

One white sugar glider is holding it's left eye closed . The eye is swollen and matted shut. The area around the eye is wet with brown crusty discharge. Holding the eye shut is an indication that it is painful to the animal. This animal must receive immediate vet care to diagnose and treat the eye condition. CORRECT BY: close of business on 11/16/17. Note: The animal was taken to the vet at time of the inspection.

3.125(a)

FACILITIES, GENERAL.

There are sugar gliders, one rabbit, one hedgehog housed in the keeper office area . There is a space under the outside door , a hole in the floor, and the floor air vent has no cover. These are areas that may allow the entry of rodents or other pests. The open air vent is an area that an animal could fall into if there was an escape. This building needs to be repaired to provide a safe housing area for the animals. NOTE : Covered species are scheduled to be removed from this area.

CORRECT BY : 12- 16-17

3.125(a) CRITICAL

FACILITIES, GENERAL.

While reviewing animal records, it was discovered that a prairie dog had died from internal trauma. This occurred when the animals were placed in a new exhibit and one prairie dog was able to scale the exhibit and enter the armadillo enclosure where it was killed. Enclosures must be built to safely contain the animals housed in them.

After this incident, the wall separating the two enclosures was raised to prevent future incidents.

Corrected Prior To Inspection

Additional Inspectors

Jernigan Courtney, Veterinary Medical Officer
